

## US EXECUTIVE APPROVAL FORM

**CUSTOMER NAME:** Alcoa Inc.  
**PARTNER/VAD NAME:**

### REQUEST #2

#### Ordering Document Changes

1. OSSINFO - OSSINFO - Approval for subsequent renewals (Tech Support fees net 45 days per customer's SLSA) to be paid quarterly in advance during the term of the support pricing called out in the Ordering Document. This is consistent with how Alcoa currently pays renewal year Technical Support fees. Currently, upon the first renewal period for all of Alcoa's existing Ordering Documents, they work with the Support Renewals group to change payment to Quarterly in Advance.
2. HQAPP - For clarification purposes only, in the General Terms Tech Supportt Section to change language
  - From: "If Customer desupports a subset of licenses in a license set, Customer may be required to terminate those licenses."
  - To: "If Customer desupports a subset of licenses in a license set, Customer may be required to terminate the subset of licenses in the license set."
3. HQAPP - Hide discount levels on the Ordering Document. The discount reflected in our system generated Ordering Document matches the discounts given on the licenses. The discount level listed for support (75%) does not accurately reflect the actual discount since Alcoa's support list rate is 17%. (For example if list license is \$40k less 75%, support at 22% would be \$2200, at 17% of net support would be \$1700). Our standard Order Document shows disct of 75%, but net support costs of \$1700 which is not accurate.

**SECTION III - Justification:**

- HQAPP -- Customer has price hold of 75% for all programs from the May 2002 PL, we would like to allow a 1 time discount to Alcoa to acquire HRMS programs at 85% discount off May 2002 Price List. We have the opportunity to replace Peoplesoft at Alcoa by 2005. The increased discount could move Alcoa to make this commitment by May 31, 2003. Otherwise, they will continue an evaluation that may lead to upgrading to Peoplesoft 8.X.
- HQAPP - Provide 17% support fee for 5 years, then an increase not to exceed 5% for the next 3 years. This is consistent with support fee from prior Agreement.
- HQAPP - Reference Language – Please remove. Standard language is included in SLSA. We have agreed in the past to utilize the reference language already included in the SLSA.

5. HQAPP - Definitions/Rules - Include only Definitions/Rules that have not been included in prior Agreements. This is consistent with terms of 12/20/02 Agreement
6. HQAPP - Allow Electronic Delivery of programs not already licensed by Alcoa. This is consistent with prior Agreements.

**TIER 1 Requests:**

7. Allow Alcoa to acquire WMS at a 60% discount off current Price List. Alcoa currently has the right to a 75% discount off the May 17, 2002 PL - net price is \$1499 per user. I would like to offer to Alcoa the right to buy WMS off the current PL at a discount rate lower than 75%. The current list is \$3000 - a 60% discount would equate to \$1200 per license. By doing this, Alcoa will be more willing to license incremental users by May 31, 2003.
